November 2018

Dear Parent/Carer

As part of our commitment to sharing information about students with parents on a regular basis, we will be introducing a new reporting system which will be phased in over the coming months. In the first phase, Show My Homework will be replaced and homework tasks will be available in **Go4Schools** from January 2019.

The internet-based package, **Go4Schools**, is an online **reporting system** that will allow both parents and students to see **homework information, regular assessment data, reports, attendance figures** and **behaviour details**.

The assessment information on your child's Go4Schools page is kept live and up-to-date, and we will also be publishing a regular report to include the Attitude to Learning grades and subject reports.

If you have not already registered with Go4Schools, please do so by accessing www.go4schools.com/parents, a link can also be found on the parents' page of the school website. It is very simple to register and all that you require is your email address, which you have previously provided to the school. A printed guide is attached.

If you do not currently have an email account, companies such as Google or Microsoft can provide an account for free. If you do have an account, but have not informed the school what it is, please request a new data collection form by contacting the school reception, make the changes on the form and return it to us so that we may update our records. Only contacts that have been recorded as having parental responsibility will be able to login to Go4Schools, but this also means that both parents will be able to access their children's records. Go4Schools are also developing a mobile phone app which will become available for parents to download in the future.

We hope that you will find having access to more regular information online about your child useful and informative. Please contact me (Go4parents@chippingsodbury.school) if you have any queries regarding Go4Schools.

Yours sincerely

David Hinkins
Deputy Headteacher
