Your local council is a partner in Connecting Care, a project which links social care information with health information.

The Connecting Care Local Record is a new way for staff who are directly involved in a child's care to share relevant information about their care in a way that is secure, controlled, consistent and efficient. It allows health and local council staff who are directly involved in a child's care access to a summary of existing records, such as those held by the GP, hospital or social care provider.

Staff who are directly involved in a child's care, will only access their record with a legitimate reason, and if they can, they will ask your permission before they look at it.

The Connecting Care Record will contain information such as:

- who is involved in a child's care;
- any allergies they have;
- medications;
- recent appointments (but only whether they were attended, this will not include any information about what was discussed at that appointment);
- diagnoses.

The Connecting Care record will not contain information about conversations with the GP or any information on sensitive subjects such as sexual health. Staff who have a responsibility for designing services to improve children's general well-being will also have access to relevant information from the record. The detail that staff can see is linked to the job they do. If for their job they don't need to see specific information, they cannot see it.

If you require further information about Connecting Care please contact PALS 0800 073 0907, or visit <https://www.southgloucestershireccg.nhs.uk/about-us/how-we-use-your-information/connecting-care/>

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so.

Youth support services

What is different about pupils aged 13+?

Once our pupils reach the age of 13, we also pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services;
- careers advisers;

A parent / guardian can request that **only** their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing [insert name of school administrator]. This right is transferred to the child / pupil once he/she reaches the age 16.

Our pupils aged 16+

We will also share certain information about pupils aged 16+ with our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers;
- youth support services;
- careers advisers.

For more information about services for young people, please visit our local authority website.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The Department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis;
- producing statistics;
- providing information, advice or guidance.

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data;
- the purpose for which it is required;
- the level and sensitivity of data requested; and
- the arrangements in place to store and handle the data.

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
