September 2022

Dear Parent/Carer

As part of our commitment to sharing information about students with parents on a regular basis, we use an internet-based package, **Go4Schools**. It is an online **reporting system** that will allow both parents and students to see **homework information, regular assessment data, reports, attendance figures and behaviour details including detentions**.

The assessment information on your child's Go4Schools page is kept live and up-to-date, and we will also be publishing a regular report to include the Attitude to Learning grades and subject reports.

If you have not already registered with Go4Schools, please do so by accessing [www.go4schools.com/parents](http://www.go4schools.com/parents), a video guide can be found on the parents' page of the school website (click [here](#) to see the guide). It is very simple to register and all that you require is your email address, which you have previously provided to the school.

If you have an email account, but have not informed the school what it is or have changed your email address, please request a new data collection form by contacting the school reception, make the changes on the form and return it to us so that we may update our records. Only contacts that have been recorded as having parental responsibility will be able to login to Go4Schools, but this also means that both parents will be able to access their children's records. Go4Schools have also developed a mobile phone app, which can be downloaded to use on the "Go".

We hope that you will find having access to more regular information online about your child useful and informative. Please contact me if you have any queries regarding Go4Schools.

Yours sincerely

David Hinkins  
Deputy Headteacher
